Federal Labor Standards Provisions

U.S. Department of Housing and Urban Development Office of Labor Relations

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part here of, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination

for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5 (a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall

approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification

requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their

representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be part of the wages required by the contract, HUD or its necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section I (b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section I(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Website at

<http://www.dol.gov/esa/whd/forms/wh347instr.htm>

or its successor site. The prime contractor is responsible for submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full Social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form W H-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship of Labor, Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (c) Contractor may count toward its MBE & SBE Goal those MBE & SBE Subcontractors/Suppliers performing a Commercially Acceptable

Function.

COMMERCIALLY ACCEPTABLE FUNCTION means a discrete task or group of tasks, the responsibility for performance of which shall be discharged by the MBE & SBE by using its own forces or by actively supervising on-site the execution of the tasks by another entity for whose work the MBE & SBE is responsible. Without limiting the generality of the foregoing, an MBE & SBE will not be considered to be performing a Commercially Acceptable Function if it subcontracts, to non-MBE & SBE firms or to other MBE & SBE firms, more than fifty (50%) percent of a contract being counted toward the applicable participation goal, unless such subcontracting in excess of fifty (50%) percent has been expressly permitted by the Director of Office of Business Opportunity Department in a written waiver of this requirement. A waiver shall be granted upon demonstration that the industry standard for the type of work involved is to subcontract over fifty (50%) percent of the work.

8) ***Compliance of the Contractor***

To ensure compliance with MBE & SBE requirements, the HCDD will monitor Contractor's efforts regarding MBE & SBE Subcontractors/Suppliers during the performance of this Contract. This may be accomplished through job site visits, reviewing of records and reports, and interviews of randomly selected personnel.

9) ***Records and Reports***

- (a) Each month the Prime Contractor is responsible for inputting payments in the B2GNow system each month. Additionally, each MBE and SBE must confirm the Prime Contractor's payment in the system each month. If there is a dispute regarding payment, the Prime Contractor and MBE & SBE must reach a resolution.
- (b) Contractor shall maintain the following records for review upon request by the HCDD:
 - (i) Copies of Subcontractor agreements and purchase orders as executed;
 - (ii) Documentation of payments and other transactions with MBE & SBE Subcontractors/Suppliers; and
 - (iii) Appropriate explanations of any changes or replacements of MBE & SBE Subcontractors/Suppliers.

NOTE: ALL REPLACEMENT MBE & SBE FIRMS MUST BE APPROVED BY HCDD.

- (c) If the MBE & SBE Goal is not being met, the monthly report shall include a narrative description of the progress being made in MBE & SBE participation. Reports are required when no activity has occurred in a reporting period.
- (d) All such records must be retained for a period of three (3) years following completion of the work and shall be available at reasonable times and places for inspection by authorized representatives of the City.

D. Sanctions

(1) *General*

Pursuant to Section 15-86 of the Code of Ordinances, the Director is authorized to suspend for a period of up to, but not to exceed, five (5) years, any Contractor who has failed to make Good Faith Efforts or who has failed to comply with its submitted Plan pursuant to Section 15-85 unless a waiver has been granted from engaging in any Contract with the City. The Director is also authorized to suspend any MBE & SBE who has failed to make Good Faith Efforts from engaging in any Contract affected by Article V of Chapter 15 of the Code of Ordinances, for a period of up to, but not to exceed, five (5) years.

(2) *Guidelines for Imposition of Sanctions*

(a) *General*

- (i) No suspension shall be imposed by the Director except upon evidence of specific conduct on the part of an MBE & SBE or a Contractor that is inconsistent with or in direct contravention of specific applicable requirements for Good Faith Efforts; and
- (ii) Imposition and enforcement of suspensions shall be consistent with applicable state law.

(b) *Severity of Sanctions*

In determining the length of any suspension, the Director shall consider the following:

whether the failure to comply with applicable requirements involved intentional conduct or, alternatively, may be reasonably concluded to have resulted from a misunderstanding on the part of the Contractor or MBE & SBE of the duties imposed on them by Article V of Chapter 15 of the

Code of Ordinances and these procedures;

the number of specific incidences of failure by the Contractor or MBE & SBE to comply;

whether the Contractor or MBE & SBE has been previously suspended;

whether the Contractor or MBE & SBE has failed or refused to provide the Director with any information requested by the Director or required to be submitted to the Director pursuant to law or these procedures;

whether the Contractor or MBE & SBE has materially misrepresented any applicable facts in any filing or communication to the Director; and

whether any subsequent restructuring of the subject business or other action has been undertaken to cure the deficiencies in meeting applicable requirements.

(3) *Delegation*

A decision to implement a suspension may be taken after notice and an opportunity for a hearing by the Director or by another impartial person designated by the Director for that purpose. The Director or other person conducting the hearing shall not have participated in the actions or investigations giving rise to the suspension hearing.

(4) *Notice*

- (a) Prior to the imposition of any suspension, the Director shall deliver written notice to the Contractor or MBE & SBE setting forth the grounds for the proposed suspension and setting the date, time and place to appear before the Hearing Officer for a hearing on the matter.
- (b) Any notice required or permitted to be given hereunder to any Contractor or MBE & SBE may be given either by personal delivery or by certified United States mail, postage prepaid, return receipt requested, addressed to their most recent address as specified in the records of the Office of Business Opportunity Department and Contract Compliance Division or in the Contract if no address is on file with the Office of Business Opportunity Department and Contract Compliance Division.

(5) *Hearing Procedures*

Proceedings before the Director or other hearing officer shall be conducted informally, provided that each party may be represented by counsel and may present evidence and cross-examine witnesses. The burden shall be upon the City

by a preponderance of evidence. The decision shall be reduced to writing and notice provided to the Contractor or MBE & SBE.

(6) ***Appeals***

Appeals authorized pursuant to Section 15-86(b) of the Code of Ordinance shall be conducted by an arbitrator who shall act as the Hearing Officer. Alternatively, an appeal may be taken to City Council, subject to the appellant's compliance with Rule 12 of the City Council Rules of Procedure. Appeals shall be initiated by filing a written notice of appeal with the Director no later than fifteen (15) days following the mailing of notice of the decision of the Director and the appeal notice shall state whether the appeal is requested to City Council or to an arbitrator. If an arbitration appeal is requested, then the arbitrator shall be selected as provided in Section 9 of these Procedures. The arbitrator's or City Council's decision, as applicable, shall be final. The Director shall determine whether to suspend his or her order pending an appeal, taking into account the criteria set forth in Section 6(B)(2) of these Procedures.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W., Washington, D.C. 20210
